14th Annual MARPA Conference

October 1 - 3, 2014
Renaissance Las Vegas Hotel

MARPA is the non-profit trade association representing the PMA aircraft parts manufacturing industry. MARPA works closely with the FAA and other government agencies around the world to help develop safety standards, and also to develop tools that enable manufacturers to meet those standards.

Each year, MARPA hosts an annual conference for the industry to network with clients and customers, learn about regulatory updates, and showcase new products and technologies.

THE ANNUAL EVENT FOR THE FAA APPROVED PMA INDUSTRY

"This is a wonderful Conference- we met so many people and learned a lot!"

The 14th Annual MARPA Conference will be held October 1-3, 2014 at the Renaissance Las Vegas Hotel. This year, more than 200 attendees are expected to attend. Attendees come from around the world to network and see the latest in products and regulations.

"It was exciting to meet with so many airlines and industry personnel. Exhibiting has been a great opportunity!"

Exhibition at the 2014 MARPA Conference offers your company the opportunity to showcase your products and ideas in front of the largest audience of PMA industry attendees of any current show. Our brand new expanded exhibition area will provide your company with a chance to introduce your products to an eager audience.

Looking for a way to showcase your products or services to the PMA community? MARPA Conference exhibitors enjoy a prominent place in front of Conference attendees for one of the lowest exhibition fees in the industry! Our new expanded exhibit space is purposefully designed so that our exhibitors can maximize their exposure while appealing to our attendees... but that means the limited spaces sell out quickly. Costs are low, and MARPA member discounts are available for your exhibition space.

Make your decision today to become an exhibitor, and your company will be positioned as an industry leader. An audience of PMA manufacturers, air carriers, and repair stations are eager to learn about your company and what you have to offer.
